Texas Regional Entity Standards Report

Board of Directors

June 15, 2009

SAR-001-TRE-02 – ERCOT ISO VOTE

- Provision for ERCOT ISO to Have a Vote in the Regional Standards Process, subject of Standard Authorization Request SAR-001-TRE-002
 - Approved by NERC Board of Trustees May 6, 2009.
 - Attachment procedures approved by NERC on June 3, 2009.
 - NERC has drafted a filing with FERC for final approval and implementation. Official filing with FERC is imminent.
 - FERC approval could be 3-4 months from NERC filing.
 - Implement upon FERC approval.

SAR-002 and 003

- SAR-002 Development of Regional UFLS Program
 - Drafting team submitted comments with NERC on second draft of continent-wide standard.
 - No final determination on whether regional standard is necessary, but most likely will not be.
- SAR-003 Draft Regional Standard BAL-001-TRE-01
 - The first comment period closed on April 14, 2009.
 - The team has met four times to write responses to comments.
 - Responses will be posted when they are complete.
 - The team will discuss the draft standard with FERC standards staff in August.
 - Revised draft will be presented to RSC later this summer/early fall.
