

August 2019: Preliminary Review of ERCOT Operations

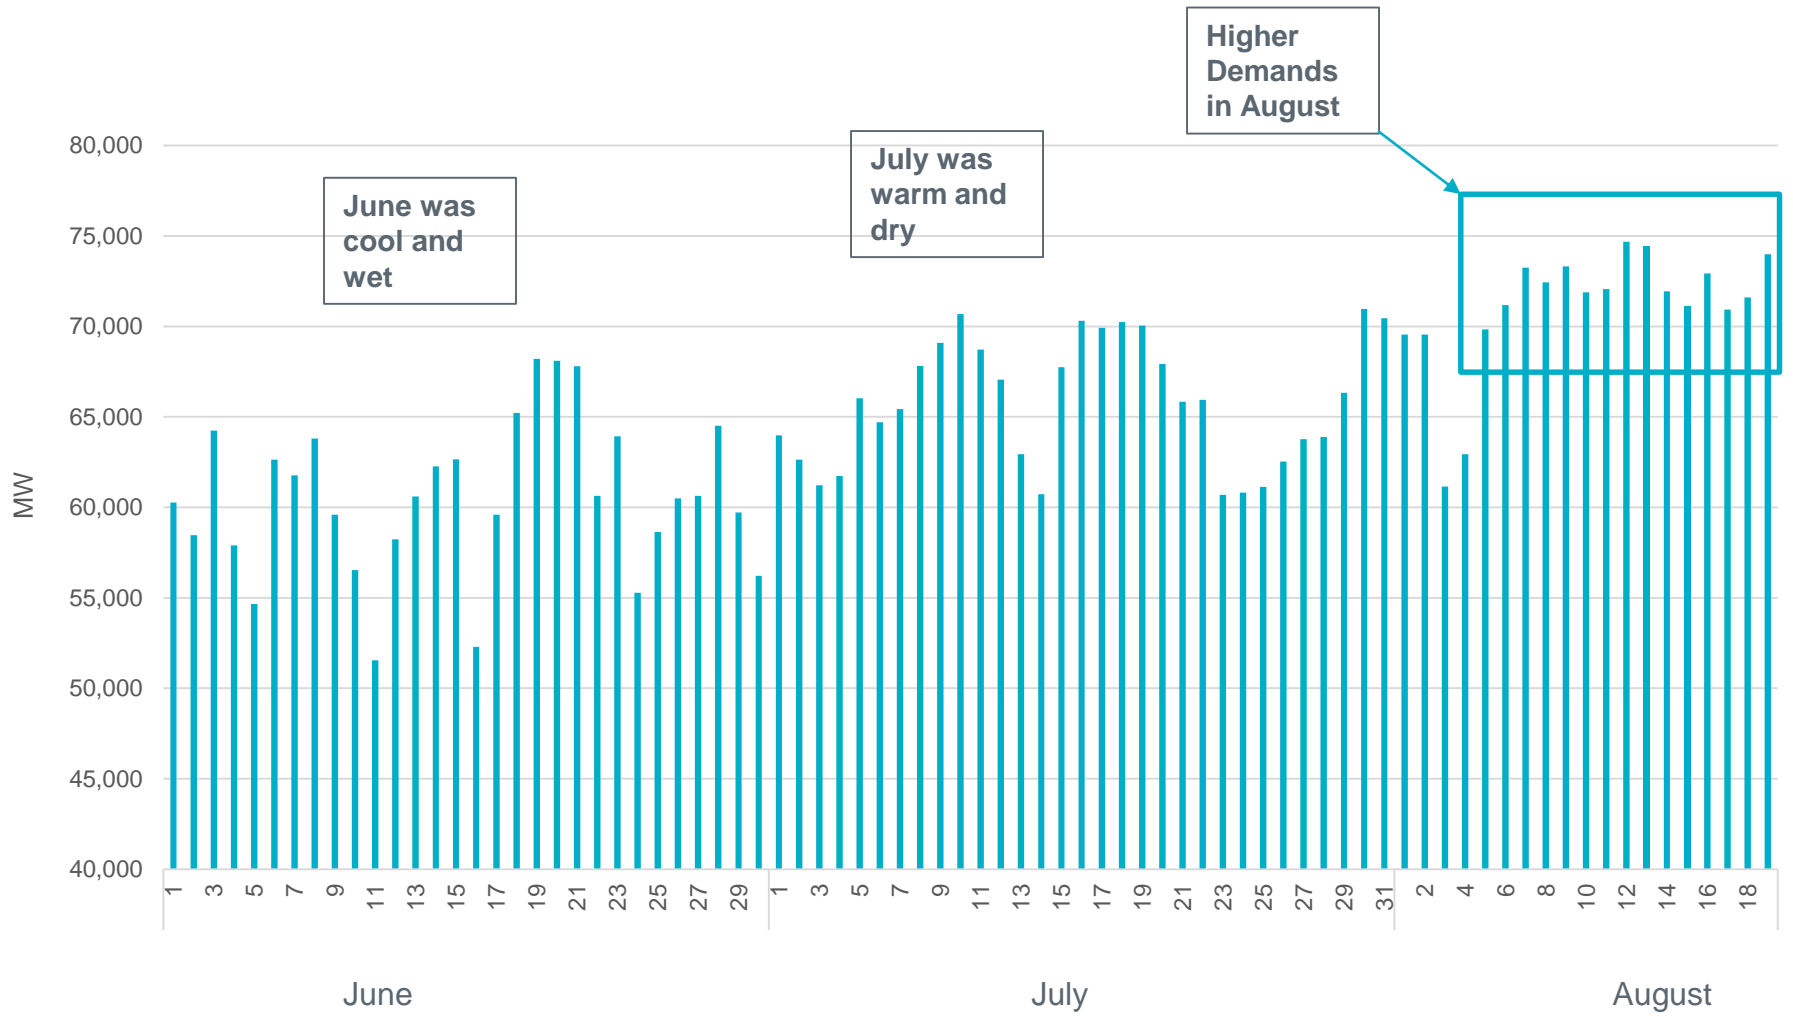

Bill Magness
President & CEO

Public Utility Commission Open Meeting
August 29, 2019

Overview

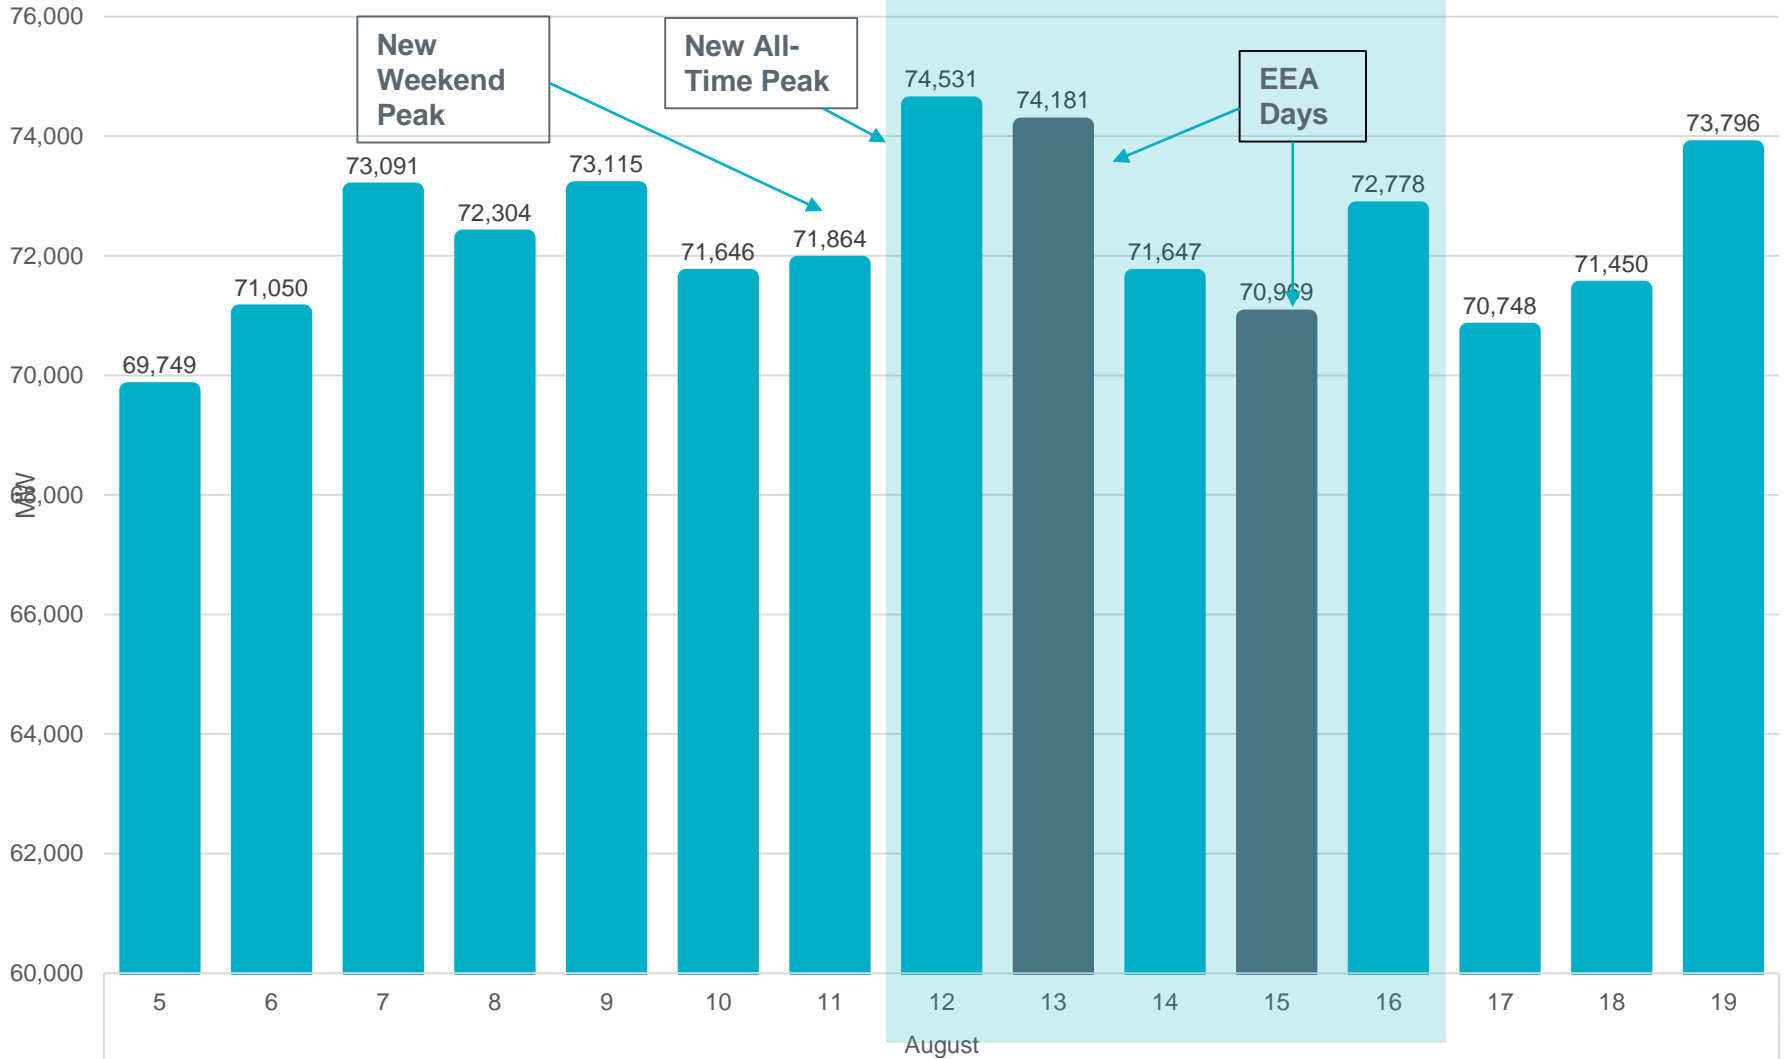

- Today's presentation includes observations from high demand ERCOT operating days in August 2019.
- ERCOT is preparing a more comprehensive review and analysis of summer 2019 operations, and will file that document in September in Commission Project No. 49852.
- ERCOT welcomes Commission input on topics of particular interest for analysis in the summer review document.

Daily Peak Hour Demands

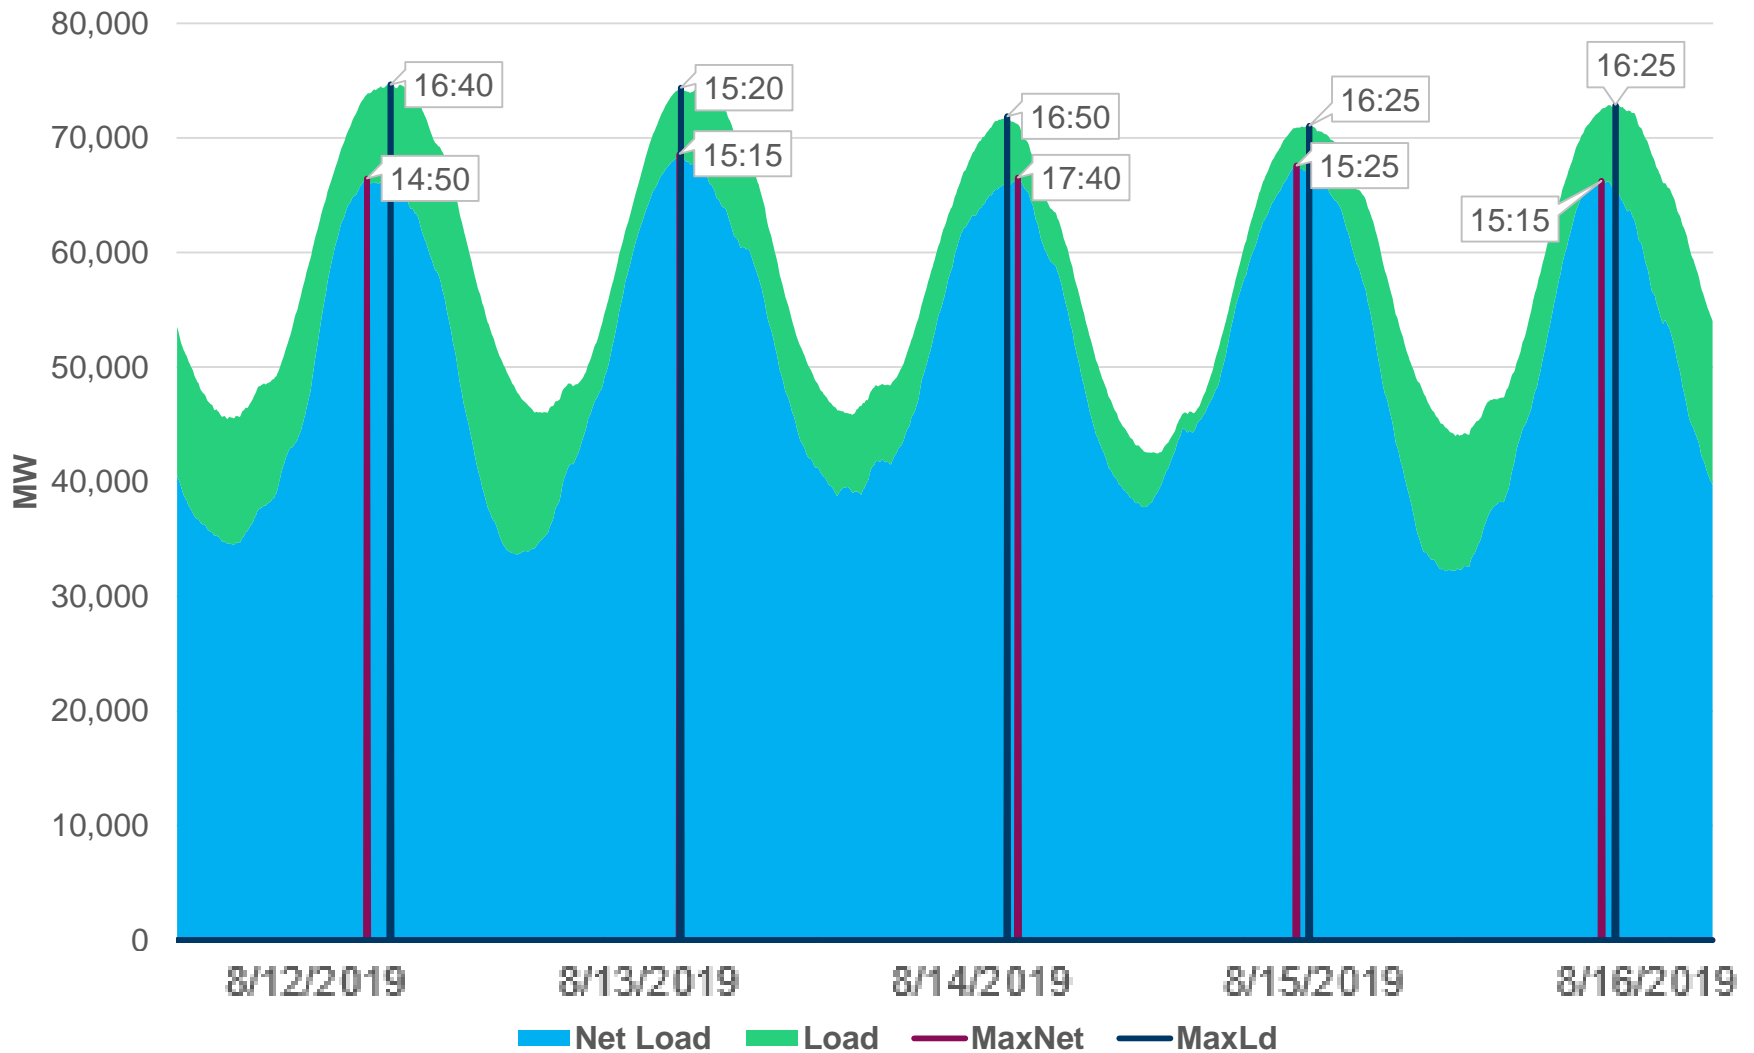

New Peak Days

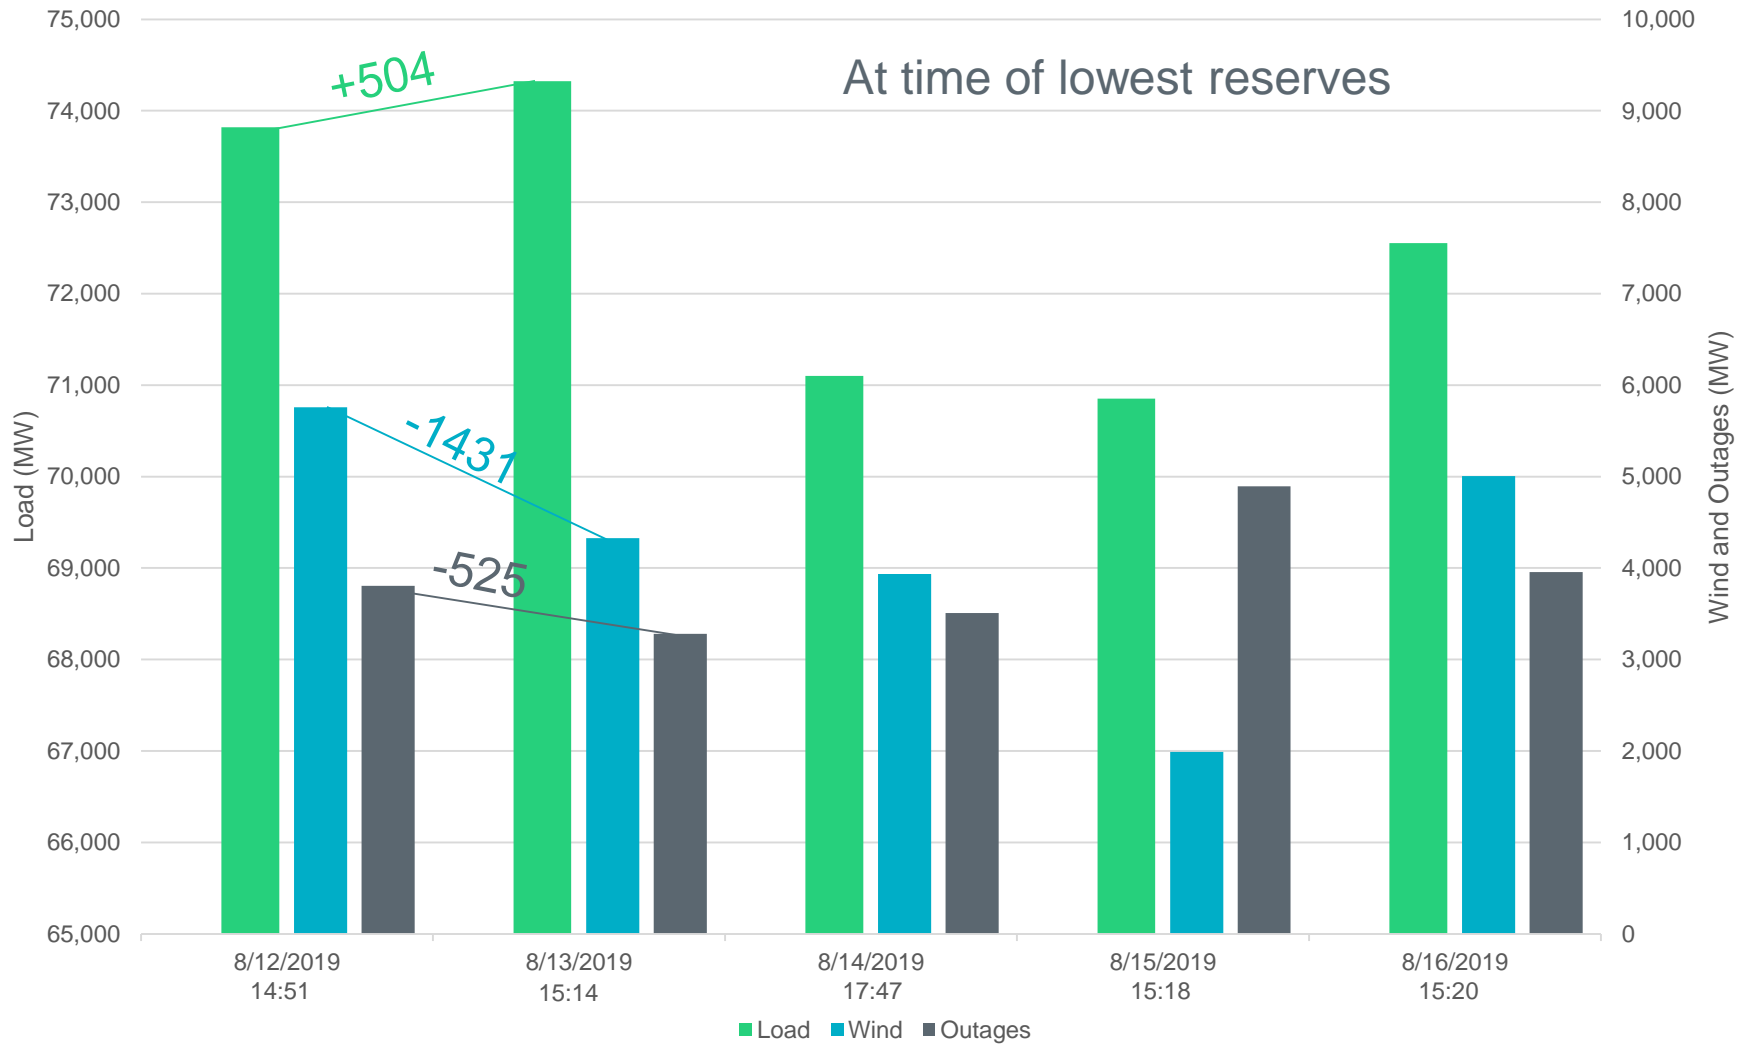

Will focus on this week for subsequent slides

Difference of Load and Net Load Peak Times

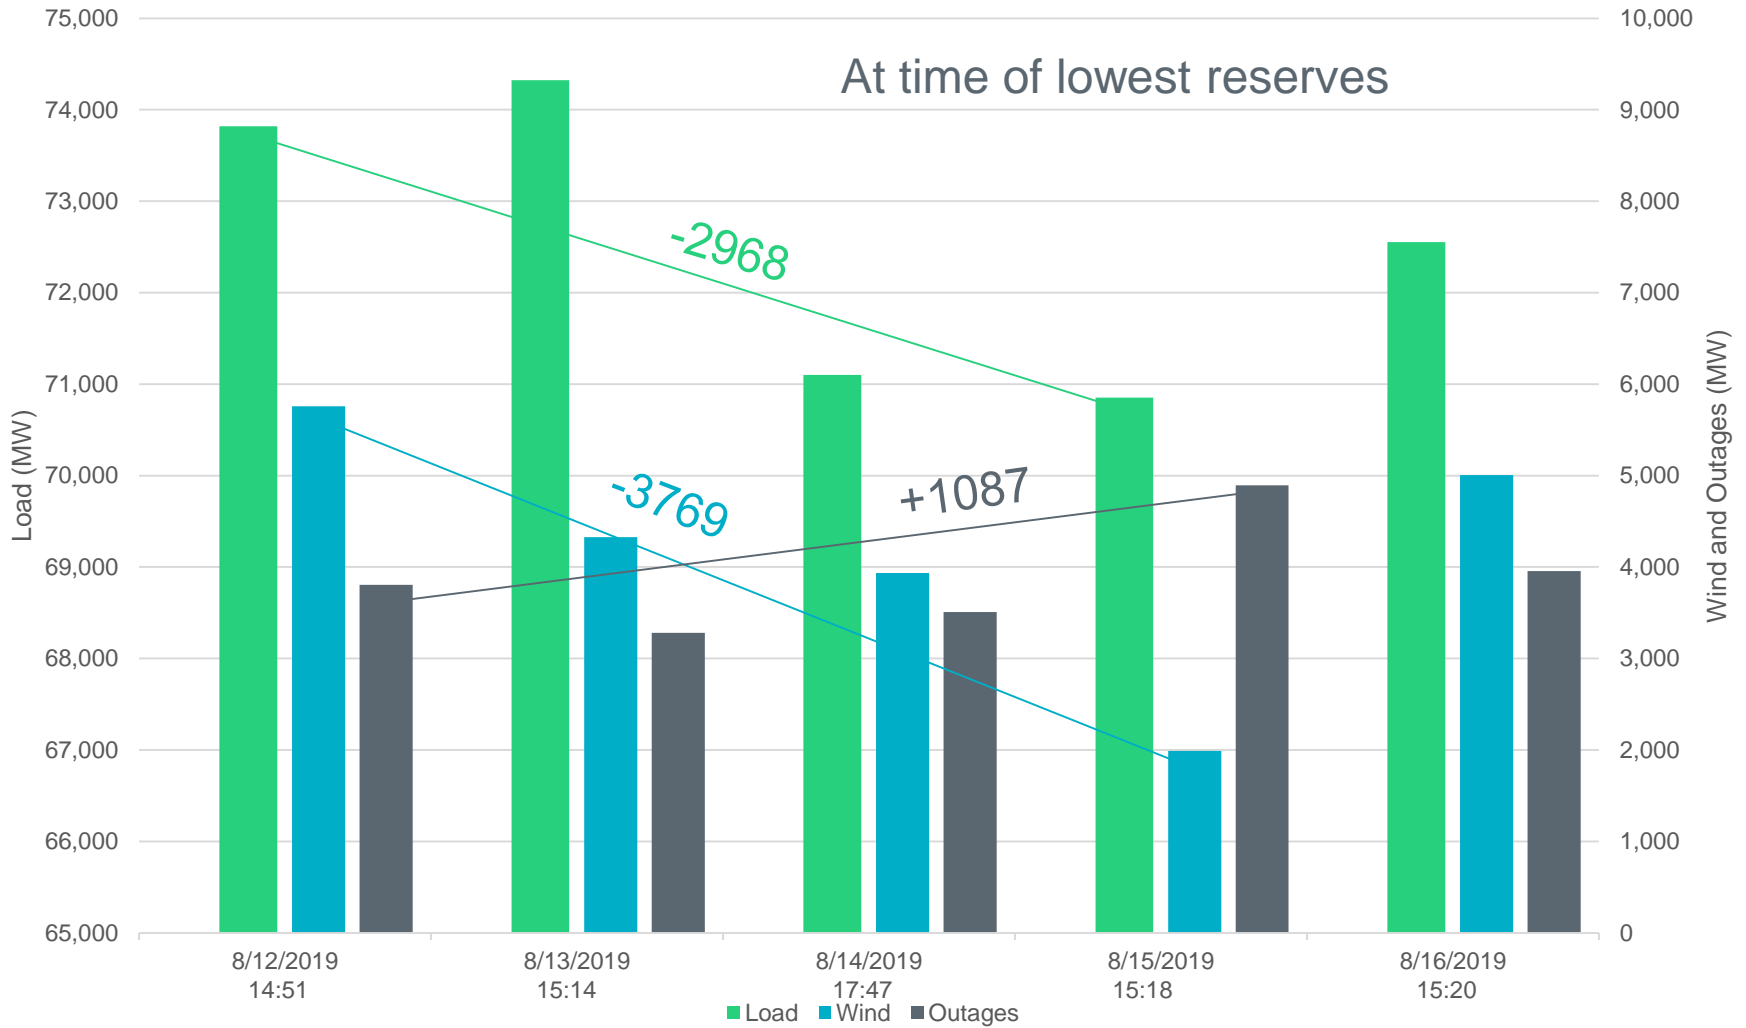

Load, Wind, and Outage Differences – 8/12-8/13
